

NEWSLETTER 7 Sep 2021

Dear all,

The new season has started! Thursday 2 Sep we started playing badminton and it looked like Corona never existed! We used the name tag board and we soon noticed that when changing of playing period it was very crowded near the board! So this was not a good choice! Some senior players were inside the sports hall where the youth group still was busy. We didn't register the names of the present players. We don't know if this is mandatory. Al together the situation was not clear and unwanted!

So what are we going to do? More or less the same as we did before:

- Enter De Helster at the main entrance
- Enter the dressing rooms via the corridor and via the dressing rooms you can enter the sport hall
- Taking a shower is allowed
- When leaving De Helster you should use the exit in the corridor between dressing room 2 and 3
- Juniors must have left the sports hall no later than 20:10u
- Seniors can enter the sports hall as of 20:10u. Not earlier!
- Seniors have to register their name on the registration form when entering the sports hall
- Seniors will NOT use the name tag board
- The first playing period starts at 20:10u and every 20 minutes the alarm bell signals to change between the present players. We did this before and it worked out fine.

What about people who are NOT vaccinated or recovered after corona infection?

There is no guidance on this. We, the board, will not check on you! We expect that you know how to act if you have symptoms of Corona: DO NOT COME TO PLAY!

If you have a Corona infection within a few days after you played badminton, please inform the corona coordinators so that we can inform all others who played that evening. Obviously we will do this anonymous. We have 2 corona coordinators and in case you have questions or suggestions please let us know.

- Astrid Kopers for the youth group
- Danny Samson for the senior players
